Our Uniform

Designed to promote pride, professionalism, and a strong sense of belonging across our school community, our uniform reflects high standards and a shared identity for every student.

Our University Collegiate School uniform has been carefully designed to reflect both pride and professionalism. With a clean, consistent look across all year groups, the uniform supports a strong sense of identity and belonging, helping students feel part of a unified community. The use of our school colours and branding ensures that every student represents the school with confidence, both inside and beyond the classroom.

The uniform has also been chosen with practicality and comfort in mind, ensuring students are ready for a full day of learning. Smart, simple pieces allow for consistency while remaining accessible and easy to wear. We expect all students to wear their uniform correctly and take pride in their appearance, as this sets the standard for positive attitudes, high expectations, and success across the school.
